

HDMI & DVI cables

WireWorld's line of flat HDMI cables includes five different levels of price and performance. All of these cables utilize the same unique design with material improvements that enable each upgrade level to provide even higher levels of image and sound quality.

WireWorld award winning proprietary flat cable design

DisplayPort & USB cables

WireWorld's DisplayPort and USB cables offer enhanced performance over generic products. The DisplayPort cable is used by Pioneer for their new KRP-500A & KRP-600A plasma TVs for connecting the screen to the media receiver (KRP-M01). The Ultraviolet USB is an ideal cable for Music devices/outboard DACs/Turtables featuring USB connectivity.

The Ultraviolet DisplayPort

For Pioneer KRP-500A & KRP-600A plasma TVs, Dell monitors & ATI graphic cards.
